About GEEF

The GEEF focusing innovative, technology and networking opportunities for the benefit of industries and individuals globally. GEEF support leaders to sustainable transformation to deliver performance improvements and benefits for their key stakeholders. GEEF provide organisations and individuals to examine where they are and to help put a spotlight on where action is required. By becoming a successful partner to organisations around the global. GEEF will work towards bringing governmental, industry, academic and research institutions from across the world on a single platform to address the issues related to energy & environment industry and provide a forum where participants from the globe showcase their achievements and voice their views and thoughts. Create Knowledge Transfer Networks and also distribute publications for various target groups to support the dissemination of information related to clean and green technologies. GEEF advise and give feedback to governments, international agencies and organizations on energy and environment policies, safe practices for their implementation and sustainability worldwide. We stand to welcome associations, collaborations and partnerships to make united effort to ensure that we leave behind a greener planet for our future generation.

The GEEF

THE GLOBAL AWARD

The objective of the Global Award is to recognise outstanding organisations worldwide, whether private, public, government, academic, individual. These organisations encourage & motivate to adopt best practices and become role model for others to emulate and implementation of strategies for improvement in operation standards. It gives morale boost to management, concerned team, employees and all stakeholders. The Global Award is supported by one of the most challenging assessment processes, to assess organisations for good practices.

Selection Process

The evaluation of nominations for the Global Awards is an intensive process. Nominations are evaluated by the eminent jury, drawn from experts from government, academia and industry. They review documents and interview individuals and teams to analyse how effectively the organisation performs in the delivery of its strategic objectives. Site visit of short-listed companies / units, if necessary.
